3,000 Strong: A Community Takes Flight for Angel Flight East

Friends,

What a day! On Saturday, September 19, Wings N' Wheels brought our community together for a celebration of aviation, education, and the power of giving back. With an estimated 3,000 adults and children in attendance, this year's event continued its remarkable growth since the pandemic—and our hearts are full of gratitude.

The day was about so much more than planes and automobiles. Our STEM-focused activities sparked curiosity and creativity in children of all ages. From aviation and robotics to gardening and purposeful play, young minds were engaged, imaginations took flight, and families made memories together. The car show sold out, the aircraft displays drew enthusiastic crowds, and our ever-popular Chicken Wing-Off delivered a delicious competition! Congratulations to newcomer Chestnut Hill College and returning favorite Fireside, who earned top honors for the best wings in town.

An event of this scale is only possible because of an extraordinary community of supporters. A heartfelt thanks goes to Event Chair Hank Stoebeanu and the entire Wings N' Wheels Committee for their countless hours of planning and dedication. To the more than 50 community volunteers who rolled up their sleeves to make the day a success, thank you! We are equally grateful to our generous sponsors, whose support helps make this celebration—and Angel Flight East's mission—possible.
