

WHO WE ARE

Angel Flight East (AFE) is a Philadelphia based nonprofit that provides free flights to children and adults in need of medical treatment far from home. Additional services include the delivery of supplies to disaster areas and other compelling needs. Volunteer pilots use their own airplanes and assume all costs of the flight.

On average, AFE provides 1,000 reoccurring flights a year.

140 passengers are served annually- with the availability to help many more people.

460+ pilots cover the cost of all flights.

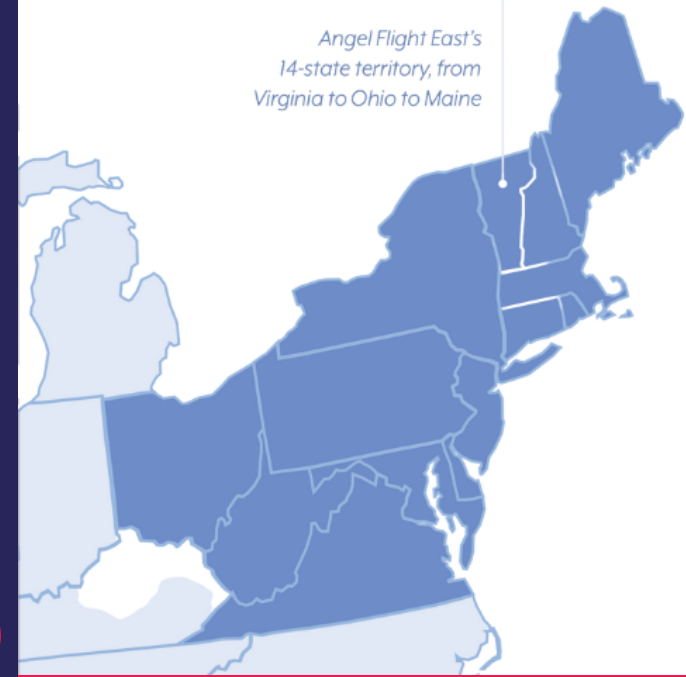

"Without AFE, my treatment wouldn't be as effective because I wouldn't be able to receive it as often. The cost of just getting there would make it impossible."

~Angel Flight East Passenger

"Having an organization that can help the patients come to us is invaluable. It would make my job a whole lot harder without having Angel Flight East."
