

★ ANGEL FLIGHT EAST: YOUNG PROFESSIONALS ★

Happy Hour in a Hangar . September, 2017

The mission of Angel Flight East (AFE) is to provide free air transportation to patients and their families by arranging flights to distant medical facilities, delivering supplies to disaster areas, and reuniting families during desperate times. In its first year of operations AFE's small band of new volunteer pilots flew 17 flights. Today 700 to 800 medical flights are flown each year in the Northeastern United States.

Choose your preferred involvement level

TIER I: CADET

Excited about our cause and curious where we're headed? All we're asking is for one click. Follow us on social media and we'll be sure to keep you informed of ways to engage on a personal and professional level. Volunteering with AFE will not only provide great exposure to the nonprofit world, but allow you to develop relationships within a community of passionate individuals from all backgrounds.

Opportunities: (a) attend AFE events (b) promote our mission and vision via social media (c) explore volunteer opportunities

TIER II: CAPTAIN

Share our passion and want to channel it into a lasting impact? You may have volunteered before but this is entirely different; we want you to be an active voice! We want you to be involved in the planning and implementation of what will transform a good cause into a social movement. Your experience will be a great asset as we increase our footprint, diversify our offering, and attract more young, energized individuals.

Opportunities: (a) ideate/manage nonprofit awareness events (b) lead our social media outreach campaign (c) brainstorm skills-based volunteer engagements

TIER III: OFFICER

Ready to be the change you want to see within this organization? Your enthusiasm and commitment to our cause is remarkable. This next level entails joining one of our AFE committees and increasing your scope of responsibilities. We want you to help us self-assess our capabilities, and then temper those capabilities into strategy. This is the highest area of impact a volunteer can have on the organization and one we would like to coach to board membership.

Opportunities: (a) actively participate on a committee (b) set visions/goals for senior leadership to execute (c) be a cross-channel ambassador for AFE

Because healing should be about getting better, not getting there.
